Dear John

I would like to take this opportunity to thank the team at ATC working on the Anvil Hill project for recent efforts in completing the capital cost estimate for the project (TOC) and the recent presentation to the Anvil Hill Operations Alliance held last Friday 1<sup>st</sup> September.

The feedback from the presentation was very positive and your team presented very well.

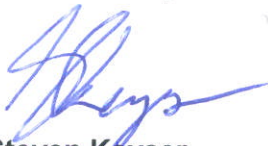

Over the last few months we have been working hard to develop the capital cost estimate for the project and your team has been intimately involved in providing information to the AHIA project team. The AHIA appreciates the commitment of your personnel to make sure we have the right information and the willingness to participate in the review process.

We are confident Centennial now has the right information going forward and we are awaiting their joint venture partner selection process to confirm the project sanction.

Please convey to the team our sincere thanks and appreciation for the co-operation by all involved.

We look forward to working together towards a successful project outcome with your involvement.

Yours faithfully

**Steven Keyser**  
Alliance Manager  
Anvil Hill Infrastructure Alliance
